PROFESSIONAL EXPERIENCE

University of North Carolina at Charlotte | Charlotte, NC May 2025 – Present
IT Analyst/Programmer II, Office of OneIT Sept 2026 – Present
IT Analyst/Programmer I, Office of the Registrar May 2025 – Sept 2026

- Support and maintain the Ellucian Banner Student ERP, working across registration, course catalog, and waitlist functions for the Office of the Registrar.
- Documented and helped rework registration processes, including the time-ticket assignment job and CPOS batch processing, to improve transparency and maintainability.
- Write Oracle SQL queries for data diagnostics, reporting, and functional decision support within the Office of the Registrar.
- Configure and troubleshoot DegreeWorks Scribe, resolving curriculum routing and course-renumbering discrepancies to keep student audits accurate.
- Developed workflow automation using Google Apps Script, including Distance Education compliance tooling, to reduce manual overhead and standardize output.
- Support data synchronization across Banner, DegreeWorks, Parchment, and Slate, diagnosing and resolving cross-platform integration issues.
- Produce comprehensive technical documentation and enterprise standard operating procedures in alignment with OneIT institutional benchmarks, including materials for the Grade Replacement process migration to ProcessMaker.

University of North Carolina at Charlotte | Charlotte, NC 2023 – May 2025
VA Certifying Official

- Implemented a data tracking system to monitor student enrollment trends and financial aid utilization, supporting strategic decision-making.
- Spearheaded local campus outreach efforts to prospective students, peer mentors, and university staff, to better facilitate transition workshops and informational sessions to ease the integration into higher education.
- Oversaw and managed the administrative certification process for 1,300+ students through continuous use of VA Enrollment Manager and internal Banner systems, processed an average of $20M worth of VA benefits annually.

MSC Distribution Direct | Charlotte, NC Summer 2023
E-Procurement Internship

- Seamlessly integrated two distinct customer procurement platforms, streamlining processes, and enhancing cross-platform functionality, resulting in increased efficiency and improved user experience.
- Developed and documented a comprehensive Standard Operating Procedure to streamline e-procurement processes, improving efficiency and consistency.

Wells Fargo | Charlotte, NC 2020 – 2022
Loan Officer & Processor

- Complied with location-wide audit, ensuring 100% pass rate for 12-person team.
- Led the creation of a local program to accelerate certification for Texas loan officers.
- Processed and reviewed mortgage applications, ensuring accuracy, regulatory compliance, and efficient loan approval.
- Developed workflow automation scripts, reducing manual data entry errors and improving processing speed.

PREVIOUS WORK HISTORY

Bestco | Mooresville, NC 2019 – 2020
Reliability Technician
- Ensured manufacturing lines stayed running and rapidly responded to maintenance problems.
- Supported improvement engineers in qualifying new products, machines, and production lines through Installation Qualification (IQ), Performance Qualification (PQ), and Operational Qualification (OQ) procedures.
- Implemented preventative maintenance protocols, reducing unexpected equipment failures and improving production efficiency.

Prinston Pharmaceuticals | Charlotte, NC 2018 – 2019
Maintenance Mechanic
- Identified training shortfalls in new operator orientation; training guide implemented, reduced active pharmaceutical ingredient waste by 12% per lot run.
- Designed and led machine calibration procedures, improving production accuracy and reducing material wastage.
- Performed preventative maintenance on high-speed manufacturing equipment, extending equipment lifespan and reducing downtime.

United States Air Force | Various Locations 2013 – 2018
Egress Systems Technician
- Removed, installed, repaired, modified, and inspected ejection seats/canopies/explosives on aircraft valued at $6.5 billion.
- Instructed explosive safety operations to 150 personnel, which heightened knowledge and resulted in zero explosive safety incidents that year.
- Led emergency response drills, ensuring teams were prepared for high-risk egress situations.

RESEARCH PROJECTS

University of North Carolina at Charlotte | Charlotte, NC March 2025
Software Developer
- Designed and implemented a chatbot using Rasa to assist internal student employees, reducing administrative workload and improving response efficiency by integrating it with university knowledge bases and internal systems to streamline access to information.

University of North Carolina at Charlotte | Charlotte, NC April 2024
Research Analyst
- Lead author of “Using ASSISTments for College Math: Evaluating the Effectiveness of Supports and Transferability of Findings” (NSF Award #2216036), a peer-reviewed study evaluating online-homework supports, including video vs. text hints, on college algebra performance and the transferability of findings. Published through Kent State University (2024); available via the NSF Public Access Repository.

EDUCATION | CERTIFICATIONS

Master of Education, Learning, Design, and Technology (Training and Development) | University of North Carolina at Charlotte | Expected May 2028
Master of Science, Computer Science | University of North Carolina at Charlotte | May 2026
Certification, Applied Artificial Intelligence | University of North Carolina at Charlotte | May 2025
Bachelor of Arts, Computer Science | University of North Carolina at Charlotte | May 2024

TECHNICAL COMPETENCIES

Software & Tools: Production Banner, Test Banner, DegreeWorks (Scribe), WebFOCUS, Slate, Parchment, VA Enrollment Manager, Institutional Reporting, Nomad, Jira, Docker, Canvas, Wireshark, Figma, SolidWorks, Revit, Sublime Text, Microsoft Office Suite, Google Suite, UI Path, Rasa
Programming Languages: Oracle SQL, Python, Java, Google Apps Script, VB.net, HTML, CSS
Cloud & DevOps: GCP, Docker
Operating Systems: Windows, macOS
